

# UNIVERSITY + COMMUNITY + INDUSTRY

## The Aggie Square Difference

Aggie Square is a not your typical university development. Yes, it includes student housing, classrooms and labs, but it also provides an attraction for private companies to invest in Sacramento near university research. And a place for training programs for local residents. And a collaborative environment where innovation is sparked. When university, industry and community partners locate under one roof, new ideas take hold and new opportunity is created. That's the Aggie Square Difference.
